

*Are you interested in being surrounded and inspired by other creative people?*

*Are you looking to build valuable skills and understand technology?*

*Do you want to meet new people of high ethical standards?*

*Are you looking for new and interesting things to learn and create?*

*Would you like the opportunity to collaborate on new and lucrative business ventures?*

*Do you have special skills and talents to share, or a desire to become more than what you are now?*

*Come see how we have elevated to an art form, the ability to monetize hobbies and create new products and services in emerging markets. And have a blast along the way!*

**Join the Mystic Krewe!**

We are an exclusive, social, business and fraternal organization.

One-part hobbyist club, one-part social organization, one-part fraternity, and one-part business-incubator.

We are an eclectic group of creative, ambitious, hard-working, generous people who collaborate for entertainment and business projects. From parades to private parties. From cooking to crafts. From electronics to education. We build things. We play hard. We take care of each other and make the world much cooler.
